

ICE SKATING IN SWEDEN

WELL SUITED FOR BOTH CASUAL SKATERS AND TRUE FANATICS

YEARLY TRIP ORGANISED BY BEAT EXPEDITIONS X TRAVEL.SE FOR FOUR WEEKENDS AROUND FEBRUARY

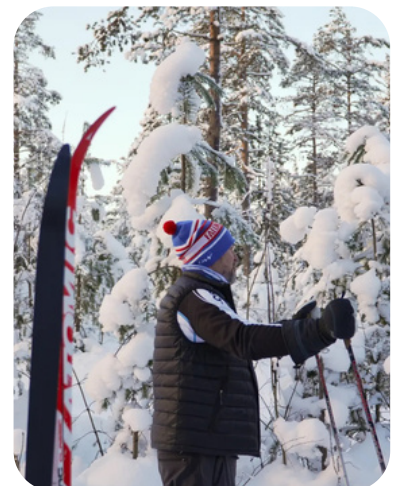

GROUPS OF 4-18 PARTICIPANTS

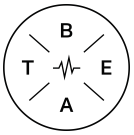

LONG ACTIVE WEEKEND IN NATURE

TRUE WINTER WONDERLAND

WHAT TO EXPECT

Welcome to the Swedish Runn lake! Together with our friends at BEAT Expeditions and local guide Christian, we're offering the ultimate long weekend in Falun. A place where winter is still truly winter.

Here, you can enjoy long-distance ice skating on well-maintained and undiscovered tracks surrounded by peaceful forests. Multiple local guides will challenge the experienced or teach the unexperienced skaters. This trip will teach you ice fishing, let you experience a dog sledding race and warm up in a typical Swedish sauna which doesn't go without an ice cold dip.

HIGHLIGHTS

JOIN A LONG WEEKEND AWAY ON THE RUNN LAKE

The weekend offers a rare opportunity to truly experience the beauty and serenity of the Swedish winter in just a couple of days. This trip is accessible and our guided tours make it easy even for beginners, with equipment and support provided.

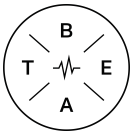

TOGETHER WITH A COMMUNITY OF PASSIONATE ADVENTURES

This trip brings together like-minded individuals aiming to enjoy ice skating on both prepared and unprepared tracks as a team. We will provide a supportive, welcoming environment where both beginners and experienced ice skaters standards will be met. Multiple private guides will take our group into the Swedish wonderland.

WHILE IMMERSING YOURSELF IN THE SWEDISH WILDERNISS

This winter weekend around Falun is all about the complete Swedish experience: fika, ice fishing, sauna and a fantastic husky tour. Everything revolves around nature, tranquillity and adventure. We organise three long weekends in February, just when winter is at its most beautiful.

THE ITINERARY

DAY 1 GET SETTLED IN DALARNA

After arriving at Stockholm Arlanda airport, a rental car will be waiting for you at Sixt Arlanda. You will drive to the city of Falun, where we will welcome you in your pitoresque red Swedish cottage. After the check-in, we will recommend our favourite local restaurants and provide you with a short introduction of the location, your breakfast and snacks for the coming days.

DAY 2 AN INTRODUCTION OF THE REGION AND THE FIRST DAY ON THE ICE!

Our first day on the ice! Guide Christian will introduce himself, his team and the area. We will then rent our material (if needed) and make sure everybody understands the risks and challenges of skating on natural ice. During the first day, we offer the option to join an ice fishing session.

After our first day on the ice, you are invited to enjoy a sauna at the lake and take a fresh dive into a hole in the ice.

DAY 3 ICE SKATING & DOGSLEDDING

After waking up early, you get ready for the day two. We will start just in front of our cottage and our guides will take us to the unbeaten tracks. Depending on the weather, we will enjoy a typical Swedish outdoor lunch (warm) on an island, after which you can choose to join the dogsledding, an introduction to cross-country skiing or keep on skating.

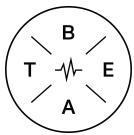

DAY 4 ICE SKATING & FIKA IN STOCKHOLM

Our last day of the weekend. After checking out, we will enjoy one more morning of ice skating with our team and guides. During this session, you can enjoy the beautiful surroundings of the lake one more time, after which we take our bags and go to Stockholm to catch the flights. Depending on the schedule, we can introduce you the Swedish Fika in Stockholm.

"The skating itself was actually indescribable. If you love skating on natural ice, then skating on open lakes is the most beautiful thing you can do. The guides had the most beautiful tours and spots to show us. Besides being very pleasant company, I had complete trust in them"
- Esmee, participant February 2025

"Ice skating is my passion! I try to skate as much as possible during the season and would be glad to share my knowledge"
- Christian, local guide

We can control and organise many things, but we cannot control the weather. It is therefore good to know that the above schedule may be adjusted if necessary, depending on weather conditions. We follow the advice and tips of our local guides and always ensure a suitable solution.
